\$30,000,000 Settlement – Medical Malpractice

February 2016

A family was awarded \$30 million dollars in a settlement reached with Mark J. Holterman, MD, and a Major Chicago Area Teaching Hospital after their son was left permanently disabled and brain injured as a result of 25 experimental surgeries. This is the fourth largest medical malpractice suit for a minor in the state of Illinois, and is the largest settlement for a child born with esophageal atresia in Illinois.
